EDITORIAL

Dear Marists of Champagnat! May has been a very dynamic month in Champagnat Global and we talk about it in this edition. In addition, this bulletin introduces us to a very special month, June, which evokes the figure of our founder, whom we honor with tributes, prayers and celebrations such as the one we want to organize for the first time by calling together the principals of all the Marist schools of the world.

PRINCIPALS OF ALL THE MARIST SCHOOLS OF THE WORLD INVITED TO CELEBRATE AND REFLECT TOGETHER

CHAMPAGNAT DAY CELEBRATION 2022

INTERNATIONAL WEBINAR FOR MARIST SCHOOL PRINCIPALS

WHAT MAKES A SCHOOL MARIST?

CHAMPAGNAT GLOBAL

www.champagnat.global

ENCOUNTER A
8 June
Time: 16:30 (Mexico)
18:30 (Brazil)
23:30 (Spain)
07:30 (2 June - Australia)

ENCOUNTER B
14 June
Time: 04:00 (Mexico)
06:00 (Brazil)
11:00 (Spain)
19:00 (Australia)

As part of its plan of work with the Marist International School Community, the Marist Global Network of Schools, Champagnat Global, has scheduled a special event, a webinar, to celebrate the feast of St. Marcellin in June for the directors of Marist schools. The theme will be: What makes a school a MARIST school? On this day, there will be Marist educators from different parts of the world sharing with us their answer to the question.

To encourage everyone's participation, the same webinar will hold on two different dates: the first on 8th of June and the second on 14th of June. If you are interested in following the webinar live, you can do it on **youtube**: [June 8](#) and [June 14](#).

MARIST GLOBAL NETWORK OF SCHOOLS COMES TO MARIST SECONDARY SCHOOL IN MALAWI

“If you want to go fast go alone, if you want to go far, go together”
(African proverb)

The 6th May 2022 marks a milestone in the history of Marist Secondary School in Malawi when the Assistant Director of the Secretariat of Education and Evangelization; Brother Mark Omede officiated the launch of the Marist Global Network of Schools among members of staff and students.

The school organized this special event in order to raise awareness about this new initiative of the Institute that brings to birth the network of schools as one practical way of inviting Marists of Champagnat to journey together as a

global family.

The school community is excited with the project and looks forward to benefiting from the inherent outcomes of this global Marist network.

Among others, the school hopes to benefit from the best practices of other Marist institutions. Additionally, the school is keen to participate in the promotion of innovations in evangelization and education in view of providing quality holistic education to the youth.

Random feedback from students after the presentation showed that many students are very excited about the network because it will open many opportunities for them to interact with fellow Marist students in other parts of the world which will help to broaden their horizon and bring about mindset change. The school promised to be an active participant in the activities of the network.

Meeting of the Champagnat Global team with the Integrated Network of Basic Education of Marist Brazil

On May 2nd the Champagnat Global team had the opportunity to meet and interact with the Integrated Network of Basic Education that unites all the Marist Schools of Brazil. The Integrated Network is a new initiative on the part of the Marist Union of Brazil (UMBRASIL) which aims to promote a process of growing unity and action of Marist schools and social schools in Brazil. Its purpose, in terms of joint management of the schools in that country, is to guarantee the vitality and sustainability of the charism transmitted by St. Marcellin Champagnat for the present and the future.

The meeting was very fruitful in noting that the various types of educational networks that are being generated in the Marist Institute are complementary. . Some networks have a joint management character, as in the case of the

Integrated Network of Marist Schools of Brazil, while others emphasize animation and synergies, as in the case of Champagnat Global. Both networks are complementary and enrich our Marist mission in all aspects.

Participation of Champagnat Global in the meeting of the Directive Team of the Volunteering Network (Porto Alegre, Brazil)

Valdicer Fachi of the Department of Collaboration for International Mission (CMI) considered it opportune to take advantage of the presence of the Champagnat Global Team in Brazil to share about the possibilities of collaboration that the Global Network of Schools offers to the international Marist volunteer project.

Brother Carlos Alberto Rojas, Director of the Secretariat of Education and Evangelization, and Javier Llamas, Project Manager of Champagnat Global, presented the proposal of the Network of Schools and shared with the participants a reflection on the initiatives that can be promoted to make known the experience of volunteering in the

international Marist school community.

The Marist Global Schools Network is, without a doubt, a very favorable means to promote Marist volunteerism for students and especially among educators.

Support from the Secretariat for Education and Evangelization for the strategic school reflection in South Africa

On May 13 and 14, 2022, the Secretariat of Education and Evangelization of the Institute was invited to participate in a meeting of the custodians and members of the national council of schools to discuss their future strategy in South Africa. In this country the Institute has 5 schools with a great tradition and prestige in the educational system of the country.

Responding to the invitation of Brother Norbert Mwila, animator of the Marist Province of Southern Africa, Brother Mark Omede, assistant director of the Secretariat, and Javier Llamas, manager of the Champagnat Global Marist Schools Network Project, shared with the South African team the experiences and good practices that are being carried out throughout the Marist world and that can be a reference

for the design of the local strategy.

It is very interesting to note that the challenges that arise in the educational and administrative work of Marist schools in the world are increasingly complex, but at the same time the tools and mentality that we develop are also more collaborative and participatory. We are confident that we can count on the power of collective strength when it comes to solving our challenges.

GLOBAL MAP OF SCHOOLS

On this occasion, because of the recent experience of presenting Champagnat Global in the three Marist schools in Johannesburg (South Africa), we have focused on these Marist schools that offer excellent opportunities to practice the exchange of school activities.

Principals, teachers or those who are interested in promoting joint international activities, we remind you that in **AGORÁ**, you can register in the **"Internacionalización" group** and get in touch with these and other Marist schools around the world:

RECOMMENDATIONS!

HUMAN POTENTIAL

The International Mission Commission of the Marist Institute has published its 14th message entitled "Human Potential". On behalf of the Commission,

Br. Rodrigo Espinosa Larracochea of Mexico values the importance of the person and emphasizes that the strength of the Institute lies in the potential of those of us who are Champagnat Marists.

OPORTUNIDAD DE FORMACIÓN Y DE HACER RED CON REFERENTES DE LA INNOVACIÓN EDUCATIVA

For those who are interested in training to design and accompany personalized learning environments where each student is the protagonist of his or her learning journey, we recommend the teacher training course being offered by Hacer Lazos and Nazareth Global Education. A training in action through very practical modules and full of tools for the day to day.
